

We are *Recruiting!*

We are looking for recent matriculants (Grade 12) not currently studying or graduates who are unemployed and have an interest in studying towards becoming a pharmacist assistant. The learnerships are SETA funded contracts for 12 months to complete the learner basic pharmacist assistant course.

A brief history of our company

You are different and so are we. We are people who help all people. Whether it's in cities or towns, we're helping people on their path to better health. We are a healthcare company with more than 47 pharmacies across the country. Our mission is to reinvent pharmacy as a destination for great healthcare services and solutions, not just great products.

Education and experience

Must have passed matric with an aggregate above 60% with English and Maths as subjects
SA ID | Own transport | Retail/sales experience beneficial

Personal attributes and skills

We are looking for candidates who are driven, energetic and self aware
Dynamic and willing to learn | Have Leadership potential, committed and take ownership
Entrepreneurial skills highly beneficial | Reliable and consistently deliver on promises
Great communication skills and able to interact easily with our members
